Confidentiality: For authorised review only. System provenance metadata is retained in governance files regardless of white-label presentation.

Export grade: Regulatory submission

IMMUTABLE GOVERNANCE ARTIFACT

This artifact is stored at generation time with manifest checksums; re-download returns the same bytes.

Artifact ID: gal_export_1 | **Semantics:** v1 | **Scope:** property
Generated (UTC): 30 June 2026 at 12:00 UTC | **Status:** frozen

Accessibility-enhanced PDF: logical section headings, improved table contrast, and selectable text. Not PDF/UA certified.

Jurisdiction: England

Intended use

Intended for client-facing portfolio or property compliance overview and professional third-party review where a summary posture is required.

This report does not constitute legal advice. Evidence and compliance conclusions remain subject to independent verification of source documents, issuing authorities, and applicable external registries.

Executive summary

Overall compliance posture and action posture at generation time.

Overall compliance status: **AMBER**. Mandatory or time-critical obligations require attention within export scope.

Metric	Value
Total obligations in scope	1
Compliant obligations	1
Overdue obligations	1
Pending obligations	0
Mandatory unresolved	0

Metric	Value
Critical unresolved	0
Expiring soon	0
High-risk unresolved	1

Compliance metrics above reflect active obligations in scope at the report date.

The evidence matrix below maps each obligation to evidentiary records and delivery proof.

Evidence remains subject to independent verification of source documents and issuing authorities.

Immediate action is recommended for critical or overdue obligations listed in the matrix.

Evidence sufficiency and audit readiness

Indicators summarise whether evidence and delivery proof appear sufficient for independent review at the report date.

Indicator	Value	Interpretation
Evidence completeness	0%	0 of 1 obligations have evidence on file.
Delivery proof completeness	N/A	No delivery proof records in scope.
Audit readiness	Substantially ready — limited exceptions	Confidence level: Medium
Unresolved evidence exposure	1	Obligations requiring critical or high-priority action.

Evidence matrix

Central evidence matrix mapping each obligation to status, evidence files, delivery proof, expiry, and risk. Compliance conclusions must be read against this matrix.

Obligation	Status	Evidence	Delivery	Expiry / Risk	Action	Updated
Gas Safety Certificate	Overdue	No	No	2026-01-01 / Critical (-183d)	Yes	—

Evidence remains subject to independent verification of source documents and issuing authorities.

Action priority groupings

Obligations grouped by operational priority for review sequencing.

Critical

- Gas Safety Certificate

Evidence exception summary

Summarised exceptions affecting evidential confidence within export scope.

Exception type	Count	Examples
Missing evidence	1	Gas Safety Certificate

Exception type	Count	Examples
Unverifiable evidence	0	None in scope
Expired evidence	1	Gas Safety Certificate
Conflicting records	0	None in scope
Missing delivery proof	0	None in scope
Unresolved obligations	1	Gas Safety Certificate

Scope and limitations

Records included, excluded, and verification boundaries for this export.

- Includes governance metadata, compliance evidence files, delivery proof, audit timeline, and exception reporting generated from Compliance Vault Pro records.
- Excludes hidden, deprecated, unpublished, and inactive obligations from active compliance counts and status outcomes.
- Findings reflect records available in-system as at the report date; later updates are outside this export scope.
- Jurisdiction assumptions are based on the property profile captured at generation time (England).
- Evidence verification remains subject to independent review of source documents, issuing authorities, and external registries where applicable.
- Report generated (UTC): 2026-06-30T12:00:00+00:00.
